

Max is a dog who has many "kid" friends.
He also has other friends who you will be meeting in this little book.

Did you know that
dogs know how to
smile too?
Do you know how
dogs learn to
smile?
They watch people
and copy people's
smiles !

Max is very gentle with anyone he meets who is small.

Sometimes the babies pull his fur.
Sometimes the kid goats jump up and down on Max's tummy as if he was a trampoline.

Here are some of Max's friends who live with him.

Max LOVES to listen to people read to him. Maybe he doesn't understand every word you read, but he knows you are kind to read him a story.

Max loves to be with you at school
